

Grants For Good

Meeting the Areas of Greatest Need in Benton and Franklin Counties

Each fall 3 Rivers Community Foundation launches an application-based grant opportunity for 501c3 nonprofits in Benton and Franklin counties. Dollars from our endowed funds are pooled with direct donations to fund a wide variety of programs and projects. 3RCF's grant program is purposefully broad, giving organizations of all shapes and sizes, and serving a wide variety of sectors, the opportunity to apply for funding.

This annual opportunity funds the areas of greatest need in our community, putting resources in the hands of nonprofits who have the skills and expertise to meet the changing needs.

The 3RCF Board makes all grant decisions and dedicates significant time and care to reviewing, evaluating, and interviewing all applicants.

We invite you to join our community of donors for our 2022 Grant Cycle. Your contribution will be pooled with others to maximize the impact of your gift. All donors of \$500 or more will receive an invitation to our Celebration of Philanthropy event where the grant awards will be presented.

Yes!

I'd like to join 3RCF's community of donors with a one-time gift to the Annual Grant Fund.
